The Last Time That We Say Goodnight

Just laying here in bed
trying to dodge the daylight
you're not here right now
and I'm wondering if you were right

You left from my life
without a word or a trace
how could you hurt me so
and still look me in the face?

You said that you loved me
and you say you love me still
then you go and break my heart
until you get your fill

You said that this is forever
and I know in my heart you're right
I just know I'm gonna cry
the last time that we say goodnight
